Summary of Declarations of Interest Made by Members and Regular Attendees of the Council

The University’s Conflict of Interest Policy requires that members and regular attendees of the University’s principal, central decision-making bodies and Head of Institutions declare any personal, financial or other interests (and/or those of their close personal contacts) which constitute existing or potential conflicts with their University duties via an annual declaration of interests form. Members of the University’s Council, as trustees of an exempt Charity regulated by the OfS, have a legal duty to avoid conflicts of interest and to act in the best interests of the Charity.

This document presents a summary of the interests declared by members and regular attendees of the Council. Please note that although Trade Union membership is exempt from disclosure in the declaration of interests form, some individuals have chosen to declare it. Similarly, some, but not all, individuals have declared membership of the USS: a list of all Council members who are USS members is recorded in the Council minutes, since USS is a standing item on the Council’s agenda.
